"Spotlight On Theatre"

If you ever wanted to try "Theatre" now is a great time.

The most award winning theatre in the state of Arizona is offering all DVUSD Schools a chance to go where the "impossible is possible" by letting their students take a journey into the world of theatre.

No experience is necessary. Just a willingness to have fun and learn.

Spotlight will offer a ten week program where the students will:

- * Learn how to audition
- * Rehearse a show
- * Help design and create costumes, sets and props
- * Perform the show for families and friends

Theatre keeps kids active and teaches life skills such as:

- * Teamwork
- * Discipline
- * Facing Stage Fright
- * Self Confidence
- * Having Fun

Try a new "Verb" and see if you like being on stage performing.

If you are an experienced actor then let us challenge you and teach you even more about the Performing Arts

Ten week course includes:

- * 2 hours of rehearsal after school per week.
- * Materials and music.
- * Award winning directors and designers.
- * Guaranteed fun and excitement.
